

# H-BEAM PROCESSING LINE SYSTEM

• Band Sawing Machine •  
DIAMOND-1300T

• Beveling Machine •  
KTB-1255NL

• H-Beam Drilling Machine •  
newRun13

• Band Sawing Machine •  
DIAMOND-1000T

*As the monitoring system to check the working status, processing errors like redundant input are eliminated because of fixed processing order after installing data made by Tekla, which means the dedicated CAD program for the structural steel industry, and transferring processing & marking data from office to PC with LAN.*
